Acetylene as illuminant 139, 369
— bunsen-burner for use with 756
— explosions 114
— Gas and Carbide Co. (lim.) 1005
— from calcium carbide 310
— regulations 374, 475
— Trust (lim.) 19
Acid anhydro-camphoronic, synthesis of 497
— boric as preservative 35
— in food 377
— carbolic, perfumed 40
— poisonings (record) 2, 43, 111, 142, 297, 298, 377, 414, 603, 951, (Registrar-General's report) 697, scheduled in Ireland 990, 1001
— citric 979
— and tartaric (edit.) 889, 928, 979
— hydrobromic (Fothergill) 864
— igasuric 848
— perthiocyanic, hydrolysis of 573
— picric, for burns 164
— sulphurous, oxidation of by pot. permang. 338
Aconitine controversy 686
Adcock, E. J. (portrait and interview) 170
Adeps "Mourine" 733
Advertising (Palmer) 123
— ideas for chemists 252, 289, 325, 368, 528, 565, 785, 802, 837, 868, 908, 989
Aërated-waters, manufacture of, by chemists 916
— profits 767
Agricultural Show 994
Air, liquid, Professor Dewar on 190
Albumen, Chinese 655
Albumin test, Esbach's 39
Alcohol, Canadian 6
— duty free 62, 102, 364
— from acetylene 352
Alkali, Le Blanc and ammonia 16
Allen's, A. H., reports 75, 602
Alloys, examination of by x rays 756
Ambulance lectures 812
American Drug-market (see weekly trade-reports)
— Society loving-cup 769

MEMORANDA.

While cross-references are used as far as possible in the foregoing index, it will be found advisable in looking for any subject connected with particular countries such as France, Germany, Ireland, New South Wales, United States, Victoria, and the like, to look under these specific headings in the Index.

All subjects connected with dispensing are alphabetically arranged under the heading DISPENSING NOTES.

References to trade notices, notes on novelties, and business matters generally, will be found in the name of the particular manufacturing firm, or agent, under the heading TRADE NOTES.
